Dear Oleg

Senior Strategic Police Advisor's Masterclass on Police Reform in an International and Security Sector Reform Context - 2016

Note of Appreciation

I am writing to you to formally thank you for contributing to this year's Masterclass held at the Scottish Police College.

Your contribution to the Ukraine case from your experience was invaluable. It created an extra dimension to have representation directly from Ukraine and your interaction with the participants throughout the day was extremely well received.

The entire programme is evaluated in relation to content, relevance and delivery using a scale of 1 - 4, extremely dissatisfied to extremely satisfied, and I can tell you that the average rating for the Ukraine case was 3.6 (90%).

In addition I have reproduced below some of the contextual comments from the participants for your information –

- Ukraine case study is very relevant to reality and addressed all aspects of mission
- Good exercise however the content and exercise could have been more refined
- The delivery was very tactical. It was good to hear the opinions from experts
- Excellent example of mission that is happening now. Guests provided much needed context.

On behalf of the Management Team I would just like to thank you again for your support to the programme.

Yours sincerely,
